# The Seed will Grow

*(Blessed Edmund Rice 1762 – 1844)*

The Edmund Rice Schools Trust is the inheritor of a 211-year tradition of providing Catholic education in Ireland in the Edmund Rice tradition. The Edmund Rice identity is synonymous with care for the disadvantaged, upholding of Gaelic culture and games and the provision of high standards of excellence in teaching and learning.

Currently we are Trustees/Patron to 96 schools: 37 Primary and 59 Secondary. These schools were all formerly under the trusteeship of the Christian Brothers.

The Irish Episcopal Commission established us as a Juridic Person in 2008. We are also a registered company and a charity. We hold our schools in trust so that they may continue to provide Catholic education in the spirit of Edmund Rice into the future for all the people of Ireland.

## **Vision**

*Promoting full personal and social development in caring Christian communities of learning and teaching*

## **Mission**

*To provide Catholic education in the Edmund Rice tradition*

Inspired by the five key elements of the Edmund Rice Schools Trust Charter our schools are responding to a changing world and supporting the leaders of the future to work in partnership, to care for the environment, to equally look after themselves and others and to be inspirational and responsible citizens.

The five key elements of the Edmund Rice Schools Trust Charter are:

- Nurturing faith, Christian spirituality and Gospel-based values;
- Promoting partnership;
- Excelling in teaching and learning;
- Creating a caring school community;
- Inspiring transformational leadership.

Our schools promote equality of access and participation - in other words, children of any faith, or none, at every level of ability, of any nationality or ethnic grouping are all welcome in our schools. All of our schools are encouraged to recognise the uniqueness of each individual in caring communities where holistic development is nurtured.

As Trustees we appoint and nominate Boards of Management to run our schools. We help these Boards through training and a rolling programme of advice and support.

We also advise and support our Principals, Deputy Principals and staff through Cluster meetings, training and induction courses.

Our Network promotes a strong sense of belonging and cooperation. We believe a great strength of our Network is this sense of belonging and consistently high levels of support and guidance given to our Principals and Boards of Management. Additionally, we are part of the greater Edmund Rice Network which has various types of schools worldwide.

The Edmund Rice Schools Trust is a vibrant school Network that is developing and supporting Catholic education throughout Ireland today.
